

Required Apps Register *(Paid apps are marked, all other apps, FREE version is required)*

Download school required apps via the inTune Company Portal app

Download the inTune Company Portal iPad app on your child's iPad and follow the [setup process document](#) or [setup process video](#). In line with Department of Education Queensland processes for using inTune, **students will now require a passcode to unlock their iPad.**

Apple ID for your child and Family Sharing

We strongly recommend that families set up Family Sharing and create a unique Apple ID for each child in the family. This allows purchased apps to be shared with each family member, removes any synchronising of files, photos and messages, and allows parents to use Screentime to monitor their children's iPad use.

Setup process

1. Go to Settings > [your name] > Family Sharing > Add Family Member > Create a Child Account > Next.
2. Enter your child's birthday and tap Next. Be sure to enter the correct date — you can't change it later.
3. Review the Parent Privacy Disclosure and tap Agree.
4. Enter the requested information for your payment method and tap Next. If you don't have a payment method on file, you need to add one.
5. Enter your child's name, tap Next, then create their Apple ID (username@icloud.com) and tap Next. Tap Create.
6. Follow the onscreen instructions to set a password, choose security questions and set up your child's account. Choose passwords and security questions that you can both remember.
7. Turn on Ask to Buy to approve all iTunes Store, Apple Books, and App Store purchases initiated by your child. You are responsible for all charges to your account. Tap Next.
8. Review the Terms and Conditions. Tap Agree.

Email it@coomerariversss.eq.edu.au with any questions or concerns.

Required Apps Selection Process

At Coomera Rivers State School, criteria is used to select required apps for our BYO iPad Program (final approval for app selection is by the Principal or delegate and with consideration to Online Services Risk Assessment).

An apps audit will occur at the end of each year to finalise required apps for the following year. Coomera Rivers State School will endeavour to monitor apps for changes to ensure they continue to comply with our app selection process.

App design

- Design graphics/sound are appealing and visually stimulating
- App promotes creativity and imagination
- App encourages the use of higher order thinking skills including remembering understanding, applying, analysing, evaluating and creating.

- | | |
|----------------------------|---|
| Appropriate Content | - Content is appropriate for age of student (recommended age may suggest otherwise) |
| Differentiation | - App settings and/or content can be easily customised to meet individual student needs |
| Engaging | - App is motivating |
| Feedback | - App provides specific and useful feedback |
| General | - No in-app purchases required for use |
| Privacy | - Student personal details are not shared |
| | - Students are not required to enter personal details to create an account |
| Relevance | - The app's focus has a strong curriculum connection appropriate for intended learning |
| Sharing | - Content/Data can easily be exported, copied or printed |
| Usability | - Student can launch and operate the app independently |
| User Data | - User data is saved from session to session. |

Parents and students are encouraged to read the department's [Cybersafety and Cyberbullying guide for parents and caregivers](#).

While all Internet traffic at Coomera Rivers SS is filtered and monitored, parents are encouraged to monitor their child using the Internet outside of school.
