

School of Excellence

At Coomera Rivers State School, we believe that every child should have an opportunity to excel in different areas of learning including their academic, sporting, cultural, leadership and entrepreneurial pursuits. To cater for this, our school offers a wide range of excellence programs from which students can select. In these programs, students can build their skills and knowledge as well as their capacity to be...

Good at Learning - Good at Life.

All students attending Coomera Rivers State School are encouraged to consider participating in our excellence programs. We need parents to support their children to be as actively involved as possible in order to make the most of the programs on offer and to develop into active citizens and leaders of the future.

We look forward to welcoming your child into our programs.

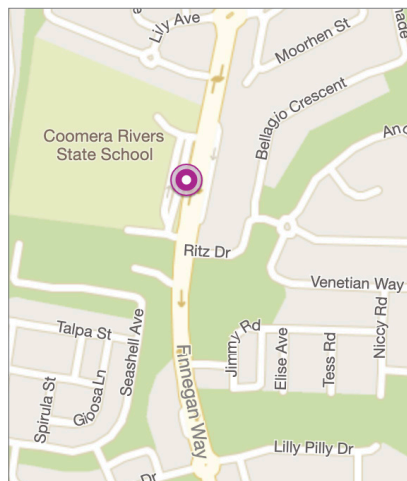

Service. Action. Respect.

School of Excellence

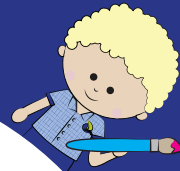

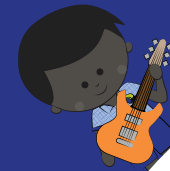

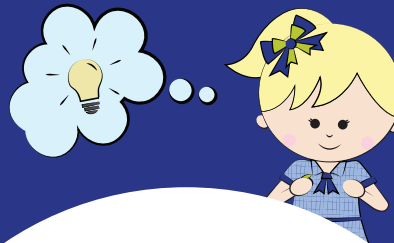

Good at learning, Good at life...

81-87 Finnegan Way Coomera, Qld, 4209

Student Leadership

At Coomera Rivers, the development and extension of strong character and leadership is integral in what we do for all students. We instil in our students through our programs and culture that leadership has nothing to do with a badge or a title, but everything to do with what we do to demonstrate strong character, an ethical conscience, inspire change and add value to society through service.

Cultural Excellence

All students from Prep to Year 6 participate in specialist music lessons and are then able to join one of the four school choirs. Positions in our instrumental music program begin in Year 3 and 4. Dance is taught to students in Prep to Year 4 while Year 5 and 6 students attend dance academy lessons. Each year our performing arts program is showcased in numerous concerts, busking opportunities, whole school flash mob performances and at local Eisteddfods. Biannual school musicals and annual Wakakirri performances are also opportunities for our students to shine on the performing arts stage.

Entrepreneurial Excellence

Entrepreneurial education is about developing students' ability to think critically and creatively, to identify problems and undertake complex problem solving, and to negotiate, communicate and lead. Through valuable partnerships with several community organisations we connect learners to authentic local, national and global opportunities. During these experiences, students are active and engaged in co-designing with entrepreneurship experts and it is through these excellence opportunities that students' talents can flourish in this area.

myLearn iPad Program

Coomera Rivers State School is an Apple Distinguished School, recognised for Innovation, Leadership and Educational Excellence.

All students attending Coomera Rivers State School are afforded the unique opportunity to bring their iPad to school every day to support them with their learning.

Sporting Excellence

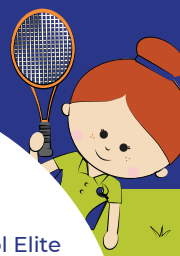

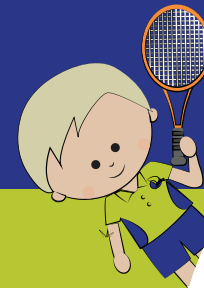

The Coomera Rivers State School Elite Sports Program provides additional support and development opportunities to aspiring young male and female sports athletes. The aim of the Coomera Rivers State School Elite Sports Program is for students to commit to **Service - Action - Respect** demonstrated in all aspects of school life including their involvement in their chosen sports.

Teaching and Learning

At Coomera Rivers State School, we have aligned the Australian Curriculum with our goals for learning to include skills that prepare all learners to be:

- digitally safe and responsible.
- life-long creative, connected and collaborative problem solvers.
- healthy, happy individuals who contribute to the common good in today's globally interdependent world.
- part of meaningful partnerships to accelerate the learning process as students engage in authentic tasks.

Speaking Excellence

Coomera Rivers has a strong and well-respected reputation in the public speaking and debating field. From our whole school mySpeak program beginning in Prep, to our extension opportunities in Year 4, 5 and 6, public speaking and debating are areas that are highly valued at our school.
